Objective

I am seeking an entry-level web developer position to utilize my skills in HTML, CSS, JavaScript and responsive web design to contribute to innovative projects. Eager to grow and develop in a collaborative team environment while leveraging my foundational knowledge and passion for technology to deliver user-friendly web solutions.

Education & Training

Graduation:
Bachelor of Computer Application (2nd Division) from Indira Gandhi National Open University. RC-Kolkata.
Year-2022. Grade-60%.

React.js front-end development:
April, 2024 – August, 2024
Ejobindia.
SDF Building, Bidhannagar, Kolkata-700091.

I am expanding my skill set by learning React.js from Ejobindia. Trying to building a strong foundation in component-based architecture, state management and modern JavaScript techniques.
